

NOTICE OF CHANGE IN LOS ALTOS HILLS RECYCLING

The City Council of Los Altos Hills has instituted single stream recycling in 2006 which means a change for you as follows:

- You no longer need to sort your recyclables into different containers. A single container can be used for all recyclables
 - The entire list of recyclables can be found on the Los Altos Garbage web site www.losaltosgarbage.com/losaltoshillsrecycle.htm and includes glass, cans, paper, cardboard, metal, plastic, etc.
- You can order a single large container from Los Altos Garbage by calling (650) 961-8040 for a charge of \$62.00 or you can continue to use the smaller containers
- The pick up date for your home remains unchanged
